and Handles

Aspen Hinge
and Handles

Hammered Pintle Hinge and
Fleur-de-Lis Handle and Knocker

More hardware options are available. Visit our website at www.mirandawindows.com for details.

This could be the
most beautiful
wood garage door you've ever seen.

Except it's
not wood.

The artfully molded wood-grain fiberglass surface, combined with durable steel construction, produces a realistic, natural-looking wood texture, pattern and appearance. It won't warp, crack or rot like wood, or dent like steel might, providing years of outstanding performance and beauty.

performance features

Insulation

Model 9800 comes with foamed-in-place polyurethane insulation with an R-value of 7.6*, which can improve your home's thermal efficiency, block street noise and make the door operate more quietly.

Bottom Weather Seal

This bulb shaped seal blocks draft and debris from entering the garage.

Pinch-Resistant Panels

Pinch-resistant door panels help push fingers out of harm's way if accidentally placed near a closing door.

Torquemaster® Plus Counterbalance**

Miranda's exclusive counterbalance system safely and cleanly contains the springs inside a steel tube.

*Miranda Garage Doors uses a calculated door section R-value for our insulated doors.

**Available for Vertical Raised, Horizontal Raised and Horizontal V-Groove Panels up to 9'x8' and Sonoma Panel up to 9'x7'.
